ABOUT GREENLIGHT COLLECTIBLES

GreenLight Collectibles, founded in 2002, is a premier manufacturer and marketer of officially licensed, authentic model cars, replica figures, accessories and dioramas. Throughout the last nineteen years a lot has changed in the toy and collectible markets. Mergers and acquisitions, the Great Recession, a rapidly evolving China manufacturing landscape, companies folding and new companies emerging. GreenLight has evolved throughout the years from a start-up company replicating race cars and pace cars for the Indianapolis Motor Speedway to a firm focused on dynamic growth, extensive license acquisition from the biggest and best in entertainment and the acquisition of brands at opportune moments; all while continuing to focus on our original goal of producing authentic, highly detailed replicas that would catch the eye of the collector and find

their way into the homes of model car enthusiasts around the globe. In recent years GreenLight has twice been honored as a "Fast 25" company in the State of Indiana, as one of the 25 fastest growing private companies in our region. We've been privileged to bring some of great model car brands into our company portfolio during the last several years, adding GMP, First Response Replicas and Highway 61 to the GreenLight stable. We're excited to see what 2021 brings with the introduction of several new and exciting product lines that are bound to excite. We're optimistic for the new year and look forward to producing the best range of die-cast model cars we're capable of offering, while keeping our collective ear to the ground for new and exciting opportunities to continue growing the market for vehicle replica enthusiasts worldwide!

GREENLIGHT COLLECTIBLES INKS LICENSING DEAL WITH WASTE MANAGEMENT

GreenLight Collectibles has entered into a new licensing agreement with Waste Management, represented by the Joester Loria Group, for a new line of diecast replica vehicles.

GreenLight has expanded their tooling portfolio with waste vehicles including the Mack Granite Dump Truck and the Mack LR Refuse Truck. Since GreenLight has recently entered this diecast vehicle category, timing could not have been better to partner up with Waste Management.

"GreenLight is proud to honor North America's leading provider of comprehensive waste management," said Cale Hottin, Director of Licensing and Product Development. "We're excited to bring these iconic vehicles to life in the GreenLight diecast world."

GreenLight will debut the Waste Management products in its twelfth series of the "S.D. Trucks" line with item nos. 45120-B 1:64 S.D. Trucks Series 12 - 2020 Mack Granite Dump Truck - Waste Management and 45120-C 1:64 S.D. Trucks Series 12 - 2020 Mack LR Refuse Truck - Waste Management. A hobby exclusive product is also in development with item no. 30255 1:64 2020 Chevrolet Silverado - Waste Management (Hobby Exclusive).

All three of the new product offerings are slated to hit the shelves in January of 2021. GreenLight is excited to give collectors high-quality diecast vehicles accompanied by the Waste Management brand.

GREENLIGHT COLLECTIBLES SIGNS LICENSING DEAL FOR THE FILM DRIVE

GreenLight Collectibles is excited to announce its newest licensing agreement with Drive Films Holding, LLC., which is co-owned by production companies Bold Films and Madison Wells. Through the agreement, Greenlight Collectibles will be able to replicate the unique vehicles from the iconic 2011 film DRIVE - including the 2001 Ford Crown Victoria Police Interceptor, the 2011 Ford Mustang GT, etc. - for diehard collectors and movie fans alike. Creative Licensing Corporation arranged the agreement on behalf of the film's owners.

Starring Ryan Gosling, DRIVE follows a mysterious Hollywood stuntman and mechanic who moonlights as a getaway driver and finds himself in trouble when he helps out his neighbor.

"We're thrilled to partner with Drive Films Holding," said Cale Hottin, Director of Licensing and Product Development for GreenLight. "Drive has a great deal of vehicles for us to replicate including police cars and American muscle."

Estimated to launch in May 2021, GreenLight already has a strong line-up set for this property:

- 13069 1:18 Drive (2011) - 2011 Ford Mustang GT
- 44940-F 1:64 Hollywood Series 34 - Drive (2011) - 2011 Ford Mustang GT
- 13610 1:18 Drive (2011) - 2001 Ford Crown Victoria Police Interceptor - Los Angeles Police Department (LAPD)
- 86609 1:43 Drive (2011) - 2001 Ford Crown Victoria Police Interceptor - Los Angeles Police Department (LAPD)

Georgia Marketing and Promotions, known to scale model fans everywhere as GMP, stopped producing its highly-detailed automobiles in 2011. Thanks to a joint venture between GreenLight Collectibles and Acme Trading, the GMP brand restarted production beginning in the Fall of 2014, premiering in early 2015 and continuing into 2021!

Much to the dismay of collectors, the GMP brand ceased operation in April 2011, when funding for ongoing operations

could no longer be secured through conventional channels. While the GMP brand may have been dormant for several years, it was never forgotten, and its enduring value prompted discussions between Acme and GreenLight beginning in 2012. Resurrecting the brand meant GreenLight purchasing the old tooling, and with new funding in place courtesy of GreenLight, a deal was put together to make this happen. GMP models began hitting the market in early 2015.

GreenLight brings many existing licensing agreements to the table, which may allow an even broader selection of high-end die-cast products for GMP collectors!

BESPOKE COLLECTION

BY GREENLIGHT

FINE | RESIN | AUTOMOBILES

Bespoke Collection by GreenLight, a brand-new product line that launched in early 2021, brings fine resin automobiles to the collector market with the GreenLight Hollywood touch, starting with initial product launches in 1:12th scale.

"We carefully studied our licensing portfolio and considered all licensing partners when formulating the best approach for the launch of Bespoke Collection by GreenLight," said Russell Hughes, President of GreenLight Collectibles. "With the amazing fan support we've

seen from The A-Team and Gone in Sixty Seconds enthusiasts over the years, we couldn't have launched the Bespoke Collection by GreenLight program with any better support and market appeal."

MSRP for these models is US\$399.99 per unit. Master cases, from a business-to-business perspective, is 4 pieces per master. These delicately developed models are delivered with 1:12 scale limited edition polystone cast resin bodies. These 15+ inch masterpieces feature perfectly detailed bodywork, serialized metal plaques on the chassis and come packaged in polyfoam, with closed box presentation that contain eloquently developed artwork to preserve the models for years to come.

EVERGREENS

GreenLight understands that many items, for a variety of reasons, never go out of demand – think a Starsky & Hutch Gran Torino or a Gone in 60 Seconds Eleanor. We call these evergreens because just like the plants are green year round, these items are always in demand. No matter the time of year, there are requests for these evergreens from a new walk-up customer or from a collector across the world. GreenLight knows an unfilled customer request can lose a potential lifelong collector. Because of this, we strive to keep these items either in stock or within 60 days or less of new inventory. Please talk to your sales rep about the evergreens on this list and make sure your company isn't missing inventory on any key items throughout the year.
